Telephone Interview Summary

Dear Sir:

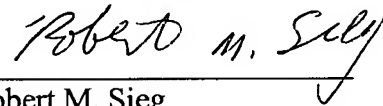

This paper is submitted responsive to the Notice of Allowability mailed December 1, 2005, which includes an Examiner's Amendment.

The claim amendments set forth in the Examiner's Amendment reflect the substance of telephone communications between Applicant's attorney Robert M. Sieg and Examiner Julie-Huyen L. Ngo initiated by Examiner Ngo on September 14, 2005 and September 15, 2005. In these communications, the Examiner indicated that apparatus claims 1-12 are in condition for allowance, but objected to retention of restricted method claims 13-24 and to certain ambiguity in claim 25. The claim amendments set forth in the Examiner's Amendment were authorized by Robert M. Sieg on September 27, 2005 as stated in the Notice of Allowability.

Applicants will submit comments on the Reasons for Allowance set forth in the Notice of Allowability in a forthcoming paper.

Respectfully submitted,

FAY, SHARPE, FAGAN,  
MINNICH & McKEE, LLP
